The Privacy Rule (45 CFR Part 160 and Subparts A and E of Part 164) provides the first comprehensive federal protection for the privacy of health information. The Privacy Rule is carefully balanced to provide strong privacy protections that do not interfere with patient access to, or the quality of, health care delivery. HIPAA has an impact upon how OPWDD and contractors will deal with protected health information of our consumers. Likewise, State Mental Hygiene Law § 33.13 requires disclosure of clinical records to be limited to that information necessary for health care providers to administer treatment.

P. General Duties and Additional Responsibilities

Maintain a level of cooperation with OPWDD necessary for the proper performance of all contractual responsibilities. Agree that no aspect of bidder performance under the Agreement will be contingent upon State personnel, or the availability of State resources, with the exception of all proposed actions of the bidder specifically identified in the Agreement as requiring OPWDD's approval, policy decisions, policy approvals, exceptions stated in the Agreement or the normal cooperation which can be expected in such a contractual relationship or the equipment agreed to by OPWDD as available for the project completion. Cooperate fully with any other contractor that may be engaged by OPWDD. Agree to meet periodically with OPWDD representatives to resolve issues and problems. Recognize and agree that any and all work performed outside the scope of the Agreement or without consent of OPWDD shall be deemed by OPWDD to be gratuitous and not subject to charge by the bidder.

Q. NYS Information Security Breach and Notification Act (NYS Technology Law, § 208)

"Contractor shall comply with the provisions of New York State Information Security Breach and Notification Act (General Business Law § 889-aa; State Technology Law § 208). Contractor's negligent or willful acts or omissions, or the negligent or willful acts or omissions of Contractor's agents, officers, employees, or subcontractors."

The "New York State Information Security Breach and Notification Act" requires entities that conduct business with New York State and own or license "private" data to notify state

residents affected by any security breach that results in unauthorized acquisition of the data. (Private data is considered unencrypted when either identifying information or the data element is not encrypted or is encrypted with a key that has been acquired).

The Act authorizes the State Attorney General to sue a business violating the statute in order to recover damages for actual costs or losses, including consequential financial losses incurred by persons entitled to notification. If a business engages in knowing or reckless violations, the court can impose a civil penalty of the greater of \$5,000 or \$10 per instance of failed notification up to \$150,000. The remedies provided by this section shall be addition to any lawful remedy available, possibly permitting private actions.

15. Consumer Safety Information

OPWDD provides services to individuals exhibiting Pica, which is a medical disorder characterized by an appetite for largely non-nutritive substances, e.g., cigarette butts, paper, gum, etc. Attention to the sanitation and cleanliness of the areas surrounding OPWDD's state operated program sites

and residential buildings is very important to the health and safety of those we serve. Please ensure care is taken to properly dispose of cigarette butts and rubbish while on OPWDD property.

OPWDD property has special receptacles for cigarette butt disposal. Contractor and subcontractor employees shall use these receptacles and throw trash in garbage cans or dumpsters. Compliance with this policy is appreciated.

16. Consultant Disclosure

Effective June 19, 2006, contractors doing business with the State of New York in a “consulting” capacity will be required to file forms disclosing, by employment category, the number of persons employed by them and their subcontractors (if any) as a consulting firm or an individual consultant; the number of hours worked; and the monetary compensation received from the State of New York for work performed by these employees. Reporting will be required via the utilization of two separate forms – “Form A” and “Form B”.

In general, however, Form A is to be completed once upon initial contract award and is used to report “planned employment”. Form B is required annually and reports on “actual employment figures” for the preceding state fiscal year. The New York State fiscal year commences on April 1st and concludes on March 31st.

17. Evaluation Criteria: Method of Award

OPWDD will select the responsible and responsive Bidder that will provide the lowest Total Estimated Cost Per Season for each cluster.

Total Estimated Cost Per Season for each cluster will be calculated by adding the sum of all sites of Cost per Snow Removal (A) multiplied by 50 events and the sum of all sites of Cost per Ice Removal (B) multiplied by 25 events.

In the event of mathematical errors, calculations will be based on Cost per Snow Removal and Cost per Ice Removal.

Contractors may bid on one or multiple clusters. Each cluster will be evaluated separately. Multiple contracts may be awarded. All sites included in a cluster are to be serviced by the contractor awarded the contract for that cluster.

Only proposals judged to be responsive to the submission requirements set forth in this IFB will be evaluated. OPWDD reserves the right to reject any and all offers.

In the event of a tie bid, the award will be made by random selection.

Qualifications & Scope of Work

Statement of Work

The following specifications cover Snow and Ice Removal for OPWDD community sites in Cayuga, Cortland, Herkimer, Madison, Oneida, and Onondaga Counties as listed in "Exhibit A Site Listing".

Snow removal shall automatically commence at the accumulation of 3 inches at the contracted site. The House Manager (HM) or designee has the right to call for additional service as deemed necessary for safety concerns. Service shall be provided 7 days per week and 24 hours per day.

The residences are homes of a developmentally disabled population including some individuals who are medically or physically disabled, as well as some who are confined to wheelchairs.

The Contractor's employees will adhere to all OPWDD policies and regulations, including but not limited to smoking, parking, etc.

Detailed Specifications

A. Snow Removal

Snow shall be removed by plowing, shoveling, or blowing as necessary. It is the Contractor's responsibility to clear snow from entire driveways, parking areas, driveway exits, fire exits, egress walkways, egress paths, steps, generator access, dumpsters, mailboxes and approaches to mailboxes, fire hydrants, and fuel delivery paths. An area no less than 36 inches wide must be cleared for all walkways and paths to accommodate wheelchairs.

All sites must be cleared of accumulated or drifting snow of 3 inches or more by 6:00am, 2:30pm, and 10:30pm seven days per week.

Walkways or paths may be across non-paved areas to allow for emergency egress from the site. It is the Contractor's responsibility to know where these paths are required and to clear these paths along with all other areas of snow removal.

Driveways, parking areas, and parking exits are to remain open and at full width and visibility throughout the contract period.

Snow shall be removed to a storage area designated by the House Manager or designee. Banking of snow shall be limited in height so as not to restrict visibility at the entrance to the roadway. Snow shall not be pushed against houses, vehicles, buildings, entranceways, sidewalks, exit doors, fire hydrants, trash receptacles, garage doors, shrubbery, trees, or emergency generators. Care must be taken to not damage or push snow on adjoining properties. Snow shall not be placed where it blocks public walks.

At locations that have a municipal sidewalk, all snow must be cleared from the length of the municipal sidewalk for which that site is responsible. No sidewalks shall be blocked by snow banks. Any fines, penalties, or assessments resulting from failure to clear municipal sidewalks as required by local law shall be charged to the Contractor.

The contractor may, for the duration of each snow season, place visible markers in work areas.

B. Ice Removal

De-icing shall only be performed at the request of the House Manager or designee. De-icer, as supplied by the Contractor, is to be spread on all driveways, driveway exits, and all parking areas. This may be performed as a stand-alone process, e.g., ice storm, sleet, melting snow that refreezes.

Contractor shall supply all appropriate Material Safety Data Sheets (MSDS) to the Plant Superintendent and to each contracted site's House Manager or designee.

It is the responsibility of OPWDD staff to de-ice walkways, paths, steps, paths to smoking areas, emergency exits, deck paths, and sidewalks.

C. Contractor Damages

An annual inspection of areas to look for damages done during snow removal will occur in May of each year. The Contractor shall be responsible for, and will be notified by OPWDD of, all damage to buildings, curbing, walkways, fences, signs, trees, shrubbery, etc. as it is discovered until the end of the snow season. At the end of the snow season, the Contractor shall be solely and wholly financially liable for any reported damage and shall comply with the instruction of the Plant Superintendent in returning the property to its pre-season condition. The Contractor shall not be responsible for damage from snow piled in the designated snow storage areas, nor for minor lawn damage.

The Contractor must complete all damage repairs by April 30th of the calendar year. If the repairs are not completed by that time, OPWDD may find an alternative Contractor to complete the repairs, The cost for these repairs will be billed to the Contractor that caused the damage or reduce payment for the total cost incurred.

If Contractor causes damage to a staff or State owned vehicle, the Contractor must notify the House Manager or designee immediately, or in the event it happened after hours, as soon as possible the next business day. Contractor will be responsible to report the damage to their private insurance company and exchange insurance information with the staff person if it was a personal vehicle.

D. Additional Requirements

Contractor must be available for call-in by the House Manager or designee if snow accumulation or drifting snow restricts travel on driveways, parking areas, or driveway exits. Response time shall be within two (2) hours of call. Contractor must provide a phone number for accepting calls 24 hours per day and 7 days per week.

Under no circumstance shall the Contractor move any vehicles, personal or State owned. If vehicles block the driveway or parking areas, every effort must be made to have staff at the sites move vehicles in order to allow a complete clearing of parking areas and walkways. The Contractor is not responsible to shovel out vehicles. There may be occasions where staff are unable to move vehicles due to staffing levels. In such cases, Contractor is to clear snow as best they can and inform House Manager or designee.

Contractors must use sufficient size plows and have commercial quality salt/sand/calcium chloride

Invitation for Bid

spreading equipment to remove snow and ice from the driveways and parking lots at the locations. Manually broadcast spreading with a shovel from the bed of a pick-up truck does not provide sufficient coverage to driveways and parking lots.

Only qualified operators and proper equipment will be used along with special efforts to prevent abuse and damage to surfaces of paved roads, walks, curbs, barriers, landscape effects, and grass areas. The Contractor shall be responsible for the repair of all damage to property, landscape, walkways, or any structures of the State or neighboring properties caused by the contractor's employees or equipment. Contractor is to adhere to local/state noise control ordinances/laws.

Contractor must possess and provide, at no cost to the State, appropriate licenses and permits associated with the provision of snow and ice control services.

Pursuant to the conditions above, the method of snow removal, equipment used, and plan of action shall be up to the Contractor's discretion.

E. Non-Covered Services

Cost Proposal Form

Bids for each cluster are determined by Total Estimated Cost Per Season for the cluster. Bidders may bid on one cluster or multiple clusters. All sites included in a cluster are to be serviced by the contractor awarded the contract for that cluster. The lowest responsible & responsive bidder for each cluster will be awarded the cluster. Record all Total Estimated Cost Per Season amounts for each cluster you are bidding on Page 38.

For each cluster you wish to bid on, place a Cost Per Snow removal and Cost Per Ice Removal for every site listed. Add the prices in each column and place the totals in Sum of Each Service (C). Multiply these sums by the Estimated Number of Events (D) and place this amount in Cost Per Season. Add the Cost Per Season for each service together to get the Total Estimated Cost Per Season.
